

AMENDMENTS TO THE DRAWINGS:

The attached sheet of drawings includes changes to Figure 1. This Figure 1 sheet replaces the original sheet. In Figure 1, numeric designations 5a (combustion region with catalyst), 5b (combustion region), and 5c (nozzle) have been added to the figure. These features were disclosed in the specification as filed and the addition of numeric designations for the features to Figure 1 and to the accompanying description of Figure 1 in the specification does not add new matter to the application.
